

## RYA DAY SKIPPER THEORY COURSE JOINING INSTRUCTIONS

The date of your RYA Theory Course is rapidly approaching! I hope you are looking forward to it.

The Course takes place at iPowerboat, Marine Training Centre, Near Kinlochleven, Argyll. PH50 4QN. The training centre has just opened, but we're still to install branding/signs etc. If coming from North Ballachulish, drive towards Kinlochleven, eventually you will pass an island with a layby, the training centre is about 200m further on the road. If driving from Glencoe, drive through the village of Kinlochleven and out the other side. You'll eventually pass over a narrow bridge, the training centre is about 200m further on.

There is plenty of car parking. This first day will start at 0900 hours and we will finish around 1630 hours each day unless we get "brain dead" earlier!! Course times thereafter will be agreed at the end of the first day with your instructor. The course is intended to be a stress free, enjoyable Experience!!

I would also reiterate the following points –

- You will be provided with a RYA course pack that includes practice charts, work sheets and an excellent manual. We will provide you with an RYA Training Almanac. We will lend you a Portland Plotter and a set of brass dividers but you may wish to purchase your own instruments for future use.
- We will use a variety of RYA and iPowerboat teaching materials to ensure we get the training to work for you and your needs.
- Homework is likely to ensure we maximise the use of classroom time.
- There are 2 assessment papers to be passed to be award the certificate
- iPowerboat has produced a FREE App to help with your learning.

Our instructors hold huge amounts of experience, with a speciality in small commercial vessel operations. Please feel free to ask as many questions as you need during your course.

You will need to bring a packed lunch and there will be plenty of tea and coffee available at all times! You also have the option of popping to a local shop or café.

If you have any queries please contact me at the number below otherwise, I look forward to meeting you in our Centre.
